PROPOSAL

The Gordon Creek 2, 7 & 8 Permit currently held by Mountain Coal Company, LLC will be transferred to the Canyon Fuel Company, LLC.

BACKGROUND

The Gordon Creek #2, #7 and #8 Mine is located approximately 20 miles northwest of Price, Utah. The initial permanent program permit was issued to Beaver Creek Coal Company on August 27, 1984 and was subsequently renewed on August 28, 1989. This mine was transferred from Beaver Creek Coal Company in 1991 to Mountain Coal Company, LLC and the permit was renewed on August 28, 1994, August 28, 1999 and again on August 28, 2004.

The mine permanently closed in 1990. Reclamation started in 1995 and continued through November 26, 1998. The permit area was reduced from 2286 acres to 180 acres in 2001 due to the termination of federal leases. Phase I bond release was approved on October 9, 2003. Phase III bond release at the Sweet's Pond was also approved on October 9, 2003. Phase II Bond Release was approved in March 2007 and the sediment ponds were removed and reclaimed in October 2007.

A transfer application that will assign the permit to Canyon Fuel Company, LLC was received on August 9, 2013 and approved September 11, 2013.

PUBLIC NOTICE

The applicant published notice for the permit transfer on August 8, 2013 in the Sun Advocate. No comments, objections, or requests for informal conference were received by the Division during the 30-day comment period.

AVS CHECK

A review of the AVS system was conducted on September 5, 2013. The system showed that there were no outstanding violations for Mountain Coal Company, LLC or Canyon Fuel Company, LLC. Canyon Fuel Company, LLC is clear to receive a permit.

RECOMMENDATION

The Division made the decision on September 11, 2013 to approve the permit transfer on the fact that 1) The terms and conditions of the existing permit are being satisfactorily met; 2) The present coal mining and reclamation operations are in compliance with the environmental protection standards of the State Program; 3) The transfer does not substantially jeopardize the operator's continuing ability to comply with the State Program on existing permit areas; and 4) The operator has provided evidence of having liability insurance and a performance bond which will be in effect for the operation and will continue in full force and effect.
